MEMORANDUM FOR: Deputy Director of Basic and Geographic Intelligence
SUBJECT : Comments on Proposed China Administrative Folio

1. We suggest the title be "Communist China: Atlas of Administrative Units." It is doubtful that this product, strictly speaking, is a "folio."

2. Provision should be made for including a map of autonomous administrative units. The maps of individual provinces would presumably appear in alphabetical order before or after it.

3. It might be best if the province maps, rather than "floating" entirely free, include boundary "stubs" with the names of adjoining provinces indicated.

4. We will assign [REDACTED] to prepare textual materials comparable to those in the 1959 issuance, and to assist in preparation of the administrative lists. [REDACTED] will supply STC numbers, under GD/F guidance.
